Grow your business, gain a new revenue stream and satisfy your customers hunger while taking up minimal space within your existing premises.

The Kool's Chicken 'n' Fries system is superior to anything else on the market. Our delicious seasonings combined with our specialised Broaster Pressure cooking system ensures genuine Kool's Chicken 'n' Fries is more tender, juicier, and flat out tastes better than open fried chicken and better than other pressure fried chicken!

Customised Licence Packages include; the Broaster Pressure Fryer, menu/signage, cleaning equipment, branded apparel, training, start-up supply of seasonings and packaging and more.

The Broaster Pressure Fryer takes up minimal space and cooks consistent product within minutes. Pressure frying seals in the natural flavour and results in up to 42% less fat.
