

Lawn and Garden Services Franchise for Sale Hastings

Here's an opportunity to purchase a Lawn & Garden business with potential to grow as big as you want it!

Retirement is pending after more than 29 years for this Green Acres Lawn & Garden Franchise in Hawkes Bay. Over this time, he has built up a solid base of commercial customers including local bodies, international corporations based locally and plenty of demand from residential customers.

If you enjoy being outdoors and want to work for yourself in a successful, manageable business, this is the opportunity for you. By delivering top notch services to a wide range of customers and following the system you will see your business grow.

The scope of work revolves around regular lawn mowing, line trimming, hedge trimming, pruning, weed spraying, and lawn fertilising. As much of the mowing is done by ride-on equipment, the seller is willing to negotiate the sale of his two ride-on mowers; well maintained machines that still have years of commercial life in them.

To extend your earning opportunities you can include weed spraying which will require certification via a one-day course. You'll also need a push mower, line trimmer, blower, and hedge trimmers.
