

Assembly Services Franchise for Sale New Zealand Wide

Van based business, providing Assembly Services for flatpacked products. Grow your local territory supported by our great team.

At Kitset Assembly Services, flatpack is our business. It's what we do (we do a lot of it) and we're really good at it. We've assembled thousands of Kitset or flatpack products, generating millions of dollars in sales and creating a legendary reputation.

We have a strong foundation and partnerships with retailers as well as a world class, direct to customer online booking portal, which provides quotes for assembly, based on the products customers have purchased. This means our Franchisees have access to a good volume of work and a steady customer base, from which to grow a good Franchise.

Business Resources

We include initial training of 4 weeks, which in addition to the technical know how, also includes Local Area Marketing methods and use of our proprietary software, which helps you schedule, manage and even bill out your completed work. We then support our Franchisees with expert Trainers, Field Managers, IT & Accounting specialists as well as our Customer Experience team, who in addition, also facilitate the flow of bookings from Retail Partners and customers directly. All this means both our Franchisees and Customers are receiving the highest of service excellence, first time, every time.
