3. Business model is mix of hire and sales revenue
4. A simple business to run and operate
5. Ideal business for a couple
6. FY2025 owners income \$122,700

This B2C business provides equipment that benefits the health and wellbeing of its customers. It is the market leader in NZ and has been operating in Hawke's Bay for many years.

The business generates its income from hiring, selling and servicing specialist equipment that is located on customer premises. The business comes with forward rental contracts providing a consistent income and earnings. This long established business comes with a large database of customers, modern branded vehicle and leased premises where product is stocked and displayed.

This is an excellent lifestyle business with flexible working hours and seasonal peak in demand during the winter months.

If you enjoy meeting people and helping them feel better about themselves, then this is the business for you.
