

Exclusive Local Assessor Business Opportunity for Sale NZ Wide

BUILDING GRANNY FLATS & LIFETIME LEASE HOMES

Be our eyes and ears on the ground in your local area. Smart people with communication skills can earn excellent returns.

We design and market affordable granny flats and secondary dwellings from our Manawatu hub. We have LBP partners around NZ to build them. We also have an exclusive supply contract with an investor group to build long term residential rentals. We need Assessors to go onto new sites and gather information that we can't easily collect online. Once you provide us with a report, we have a process that takes things from there. You receive \$1,500 from each property deposit, and another \$1,500 on the build completion. We have a system in place that gets things moving from week 1 onwards, and work with you to prepare a plan for success (excludes Northland, North Shore, Waikato, B.O.P, Manawatu & Canterbury).

Business Resources

We provide full training, business cards, posters for local referral programmes, email updates of work in progress, and a constant supply of sites to visit. We also prepare a personalised workplan with you so you know what to expect over the first few months. For more info, just click the link below.
