Business Resources

- Prime Location:** Your salon sits in a large, busy centre with high foot traffic driven by anchor retailers like Kmart (24-hour trading), Rebel Sport, and others. The centre is a dominant destination in its catchment.
- Modern Fit-out:** Being just over 2 years old, the salon benefits from recent construction, modern finishes, and likely fewer initial capital repairs or upgrades.
- Proven Business Model:** No hairdressing experience needed. Just Cuts provides systems, training & support for operations, marketing, and salon management to help franchisees succeed.
- Exclusive Products:** Use the JUSTICE Professional haircare range to differentiate the offering, attract clients, and drive higher revenue.
- High Exposure & Convenience:** Located in a centre with long hours (including 24-hour Kmart), multiple complementary services, free parking, restaurants and a cinema. This helps draw both regular local customers and incidental shoppers.
