

For Sale

Location: **Wellington**
Asking: **Price on Application**
Type: **Franchise Resale / Retail Other**

An established multi-store Flooring Design franchise business - Lower North Island. This is a resale opportunity, not a start-up, with operating stores, existing market presence, supplier relationships, & national franchise support already in place.

The business services residential and commercial customers with carpet, timber, laminate, vinyl, hybrid flooring, and hard flooring solutions.

A new owner can step into a proven regional operation and focus on sales growth, team leadership, local marketing, and commercial relationships. Flooring experience is useful but not essential for the right buyer, with training and transition support available.

Business Resources

The business includes established store locations, existing systems, supplier relationships, product access, local market presence, brand support, and operational know-how. Flooring Design provides franchise training, supplier support, marketing resources, and transition assistance. The opportunity suits a business-minded buyer with strong sales, leadership, customer service, or trade-related experience.
