Franchise for Sale Description

RaD Car Hire Franchise for Sale Whangarei

RaD Car Hire Whangarei (previously known as Rent a Dent Car Hire) has been successfully operated with minimum input from the owner for some time. This is one of Whangarei's solid business performers and this year looks even remarkably better than last year, forward bookings 80% up from last year, trading up over 80% from last year.

This would perfectly suit a working husband and wife team, either replacing the current staff or work alongside.

RaD Car Hire Franchises are sought after in the market due to their solid performance, position as independent franchise-owned market leaders and great marketing returning solid returns to the franchisees.

This business currently earns \$200,000 to \$250,000 per annum with minimum input from current owner. Because of the geographical area, the business is a lot less dependent on the tourist season with a solid local customer base.

Asking price is \$300,000 + the cost of the fleet. There are options to take over part of the fleet only, dependent on investment level. Registered valuations of all cars in the fleet will be provided.

If you are looking to expand your business portfolio or you are looking for a solid future-investment you will have to contact us today for an obligation-free conversation.
