### Business for Sale Description

Get Your Hands Off The Tools - Guaranteed Income for 1st 12 Weeks Business for Sale Auckland

This is an ideal opportunity for an experienced builder to be involved in customer liaison, estimating and converting enquiries into sales. No more hands on the tools!!

The business has been successfully trading since 2006, under a well-recognised and respected brand, with the unique position of all trades under one offering. They are now offering the area North of the Auckland Harbour Bridge as a licensed area. In 2016, the business was purchased by the current owners and rebranded to a similar, yet simpler name and 2 websites were created.

The residential renovation market in Auckland is speculated to exceed \$3 billion annually and combined with the massive market for property maintenance, both residential and commercial, this makes a very attractive client base and a wide scope, no matter what the economic cycle. The business capitalises on its wide database of clients (exceeding 4000) with 90% of its new work being from existing clients. Major brand clients alongside these include BP Oil, Mitre 10 and Electrix.

With a strong brand, lead by vehicle signage and digital marketing through 2 websites, Facebook and LinkedIn pages, the client enquiry rate is at its highest levels.

The business has implemented technology-based operations through a centralised office, which acts as the hub. All calls are handled efficiently and works are booked directly into an application that syncs via mobile phone to sub-

contractors, for a seamless workflow from start to finish.

Sub-contractors are qualified, reliable and honest, with a good balance of experience across their trades making job quoting and delivery of projects more productive.

Please phone NAI Business brokers for more details.
