### Franchise for Sale Description

Personalised Fresh Flowers and Edibles Franchise for Sale NZ

Speaking Roses gives you the opportunity to produce, sell and distribute this patented product by becoming an official licensee.

We have created and patented the ability to print photos, monograms, logos, pictures, signatures, and icons on both silk and live fresh flowers, Making flowers the new way of expression for any message.

How does it work?

We offer a range of different packages with our patented technology that gives you the control to print directly on live, fresh flowers and plants. In addition, you receive everything you need to get started including training, support, web programs, and more!

Interest free financing available.
