Mexicali Auckland - popular destinational location

Franchise for Sale Description

Mexicali Franchise for Sale Auckland

Snap this one up before someone else does in time for Summer.

After several years of operation an opportunity to acquire an existing Mexicali in a popular beach location has become available.

This Mexicali has been operated under management since opening, and requires a hands-on franchisee to make the most of the impressive location and market opportunity. As such it is being sold well under establishment costs, in a location which would be very difficult to match.

We welcome you to be part of the Mexicali success story - with a substantial and appealing territory and a loyal fan base this Mexicali is well sought after. We anticipate a high level of interest in this location and expect it to be snapped up quickly. Be sure you don't miss out.

The owners have instructed us to SELL so they can focus on their next exciting venture. If you're motivated, ambitious and eager to be part of the Mexicali family, contact us today to find out more. Price by Negotiation
