Franchise for Sale Description

Service Sector Franchise for Sale Blenheim

Some businesses are better than others, but few are as clever as this one!

I know this brilliant business well, as I sold it to the current owner some years ago. Despite having no experience in the industry, he has continued to increase sales and profitability. There is no reason why this growth will not continue into the future as the service provided by the business is in high demand in the Marlborough region, especially in the expanding viticulture and construction sectors.

Business Resources

Over 300 commercial customers benefit from using the high level equipment provided by the business, which is open Monday to Friday, and there are several experienced staff. The owner has the general manager role for 40 hours a week, but is able to take long holidays.

The operating systems are impressive and full training is provided by the franchisor company. The plant and equipment is modern, and the Blenheim premises were purpose built for the business some years ago. There is an excellent lease in place.

The plant and vehicles have a book value of \$1.7M which is appealing to the banks.

I am very pleased to have this excellent business back for sale again. Genuine reason for sale. A detailed information memorandum is available once a confidentiality form is filled out.
