HOW IT WORKS

Xpresso Delight is a simple business concept that virtually anyone can run and operate successfully.

Specifically, we transplant the cafe experience into the workplace. You own a number of fully and semi automated gourmet espresso coffee systems that provide a coffee experience equal to any café, but are located right in the workplace. These coffee systems are provided FREE to businesses who want our unique 5 Star Coffee Service.

Franchisees service their coffee systems weekly and provide all the consumables, everything from the coffee to the cappuccino sprinkle and then simply charge their clients an incredibly small per coffee rate.
