

For Sale

Location: **Auckland Region**
Asking: **\$2,500,000 (plus GST if any)**
Type: **Agriculture/Hort/Aquatic / Services-Other**

Apiary - Buzzing with Many Growth Opportunities

Based in the greater Auckland region, this very professional apiary already has a very competent Operations Manager and other key staff in place. Specialising in a number of areas, this business is well on its way to meeting the global industry demands for other than honey.

With secure hive locations in place for their over 2,000 hives, including wintering sites, there is ample room in the currently leased business premises to grow the hive numbers, continue the focus on Nucs and further increase the many lucrative income sales channels already established - some global.

With a very dedicated team in place, the Vendors are able to focus their time working on the business - not in it. However, they have identified that they are not anywhere meeting the insatiable international market and have decided that they would like to see a new and more entrepreneurial owner take it to the next level - or 3, and reap the rewards. As a comprehensive hand-over would be promised, and with key operational staff already in place, you do not necessarily have to have had any major depth of experience in this industry.

If you like what you are reading and have the capability to further grow this already professional operation, then don't hesitate to learn more. This industry has been extremely kind to most apiarists financially over the last 10 - 20 years, with a bright future for NZ honeys ahead - well positioned to capitalise on the country's pristine reputation.

Price

Stock \$300,000 (approx.)

Tangibles \$1,500,000 (includes hives & Nucs)

Intangibles \$700,000

Total \$2,500,000 (plus GST if any)
